Acknowledgements

A small vote of thanks for all who have helped me in this journey of making this app

Introduction

- My name is Maahira
- I am 11 years old
- I am in Year 7 in Dubai College
- I live in Dubai

Project Introduction

I made an adventure game using speech synthesis and speech and voice recognition; I chose this project because I thought that it would be fun to make and exciting to see how it turns out. This game is can be beneficial for society because it sereves as entertainment.

Thank You
